

Mutual Support during COVID-19 disruption

Dear [names]

I hope this message finds you all well, and that families and clubmates are coping at this difficult time.

I have been asked to get in touch with all of you to see whether we might share any plans, ideas or information about coping with the impact of COVID-19 on our clubs. AHCC is lucky to be in a healthy position financially, and to have a strong membership who are standing by us. I know for many things may be more difficult.

With potentially several months without cricket but with ongoing costs and maintenance, we feel it would be helpful to support one another. There may be ways that we can share resources, particularly as the pandemic develops and we may find ourselves with few volunteers for essential maintenance or other roles.

Our committee would welcome the opportunity to discuss further, and you can reach either myself or our chair Mark Woollatt at the email addresses above.

All the best

Tom Embury
AHCC Secretary
